Updated June 2021 in response to increased localised cases of Covid-19

Date of Risk Assessment: **23.06. 2021**

Signed (Chair of governors):

Covid-19 is an illness that can affect your lungs and airways. Symptoms can be mild, moderate, severe or fatal. This risk assessment is for pupils, teaching and support staff and should be adapted by each of MNSP schools. The document must be adapted to reflect the unique circumstances in your school. You need to add any additional controls and indicate who is responsible, by when and indicate when in place (ie you must complete the last 3 columns) There is an expectation that staff will work at a distance from each other and from pupils as much as possible. If staff are working totally alone in the school, please ensure that a lone-working assessment has been undertaken and safeguards put in place for that person. You will need to review other risk assessments you have in place, for example use of equipment and practical lessons.

HAZARD: Spread of Covid-19 Coronavirus

Who Might be harmed:

- Staff
- Pupils
- Visitors to your premises
- Contractors
- Vulnerable groups – Elderly, Pregnant workers, those with existing underlying health conditions
- Anyone else who physically comes in contact with another person

<p><u>Social Distancing for staff</u></p> <p>Social Distancing: We will follow the relevant guidance on social distancing.</p> <p>Ideally, adults should maintain 2 metre distance from each other, and from children. This will not always be possible, particularly when working with younger children, but we will encourage adults to do this when circumstances allow. In particular, they should avoid close face to face contact and minimise time spent within 1 metre of anyone.</p>	<p>To help reduce the spread of coronavirus (COVID-19) we will be reminding everyone of the public health advice - https://www.gov.uk/government/collections/coronavirus-covid-19-list-of-guidance</p> <p>Posters, leaflets and other materials will be displayed prominently https://www.gov.uk/government/publications/guidance-to-employers-and-businesses-about-covid-19</p> <p>Checks need to be carried out by site managers, Business Managers or other senior leader</p> <p>Staff to be reminded on a daily basis of the importance of social distancing both in the workplace and outside of it. This will be achieved through posters and weekly briefings.</p> <p>A small number of staff members are not assigned to a bubble – office administrators, head teacher.
