RISK ASSESSMENT FOR SCHOOL OPERATION 2021-2022

This risk assessment is based on Guidance for Full Opening: [Schools COVID-19 operational guidance February 2022](#)

Date of Risk Assessment: 28th February 2022

Signed (head teacher): *AMaggs*

Signed (Chair of governors): *Alun Williams*

Covid-19 is an illness that can affect your lungs and airways. Symptoms can be mild, moderate, severe or fatal. This risk assessment is for pupils, teaching and support staff and should be adapted by each of MNSP schools. The document must be adapted to reflect the unique circumstances in your school. You need to add any additional controls and indicate who is responsible, by when and indicate when in place (ie you must complete the last 3 columns) There is an expectation that staff will work at a distance from each other and from pupils as much as possible. If staff are working totally alone in the school, please ensure that a lone-working assessment has been undertaken and safeguards put in place for that person. You will need to review other risk assessments you have in place, for example use of equipment and practical lessons.
