

Maths

This term we will be continuing our number skills, using larger numbers up to 20 and above.

- We will be counting in 2's doubling and halving numbers, continuing number bonds to 10 and using games to help us add and subtract. We will move onto place value, learning that teen numbers are made with 10 and another number.
- Measuring to find the length and height of plants and objects.

English

This term we will use Jack and Jim and the Beanstalk as two of our Drawing Club stories We will retell orally, write speech bubbles and take the characters on Adventure Time.

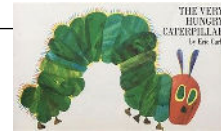

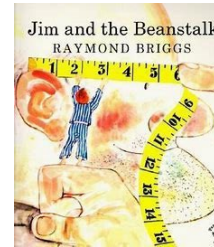

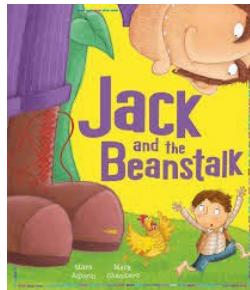

We will learn how to write instructions, when planting beans and seeds and when making sandwiches with our produce.

PSED

This term's Jigsaw topic is all about 'Relationships'.

We will discuss what makes a good friend, how we can help to sort conflicts with our friends and who's in our families.

Reading and Phonics

We have now finished Phase 3 and will now move onto Phase 4.

Phase 4 focuses on consonant blends – that's when there are 2 consonants together (such as in plum, or tent) or 3 consonants together (such as string or scrap)

There will be a set of new Phase 4 tricky words to read and write.

Understanding the World

- Planting beans, sunflower seeds, identifying and labelling parts of a plant
- Growing caterpillars and learning about Life cycles of butterflies and frogs
- We will identify and name different flowers, trees, fruits and vegetables.

Reading at Home

Please support your children's learning by hearing them read at least 4 times a week. This really does have a massive impact on their progress of reading skills.

Phonic home learning sheets are sent home every Friday.

Growing Term 5

Summer is just around the corner!

As Summer approaches, we will be spending more and more time outside. Please make sure your child has a hat with them as it gets pretty hot in our outside area.
